May is here — blooming with the full splendor of spring and radiating an uplifting energy that encourages us to relish every blossoming tree and bright, sunny day! It's a month of colorful renewal, continued growth, and the heartwarming promise of sunny days ahead.

"May is the most beautiful month of the year, a month alive with warm color. The flowers and trees are in full bloom, and even the sun joins this rhapsody be emitting warmer rays."
— Lillian Berliner

"The month of May is the pleasant time; its face is beautiful; the blackbird sings his full song, the living wood is his holding, the cuckoos are singing and ever singing; there is a welcome before the brightness of the summer."
— Lady Gregory

June Look Ahead:

On! sweet and soft,
Returning oft,
As oft they pass benignly,
The warm June breezes come and go,
Through golden rounds of murmurous flow,
At length to sigh,
Wax faint and die,
Far down the panting primrose sky,
Divinely!
Though soft and low
These breezes blow,
Their voice is passion's wholly;
And ah! our hearts go forth to meet
The burden of their music sweet,
Ere yet it sighs,
Faints, falters, dies
Down the rich path of sunset skies—
Half glad, half melancholy!
Bend, bend thine ear!
Oh! hark and hear
What vows each blithe new-comer!

Each warm June breeze that comes goes,
Is whispering to the royal rose,
And star-pale lily, trembling nigh,
Ere yet in subtlest harmony
Its murmurs die,
Wax faint and die
On thy flushed bosom, passionate sky,
Of youthful summer!
