THE TERRACE at NEWARK

The Month of August

"August is the slow, gentle month that stretches out the longest across the span of a year. It yawns and lingers on with the light in its palms."
– Victoria Erickson

"Everything good, everything magical happens between the months of June and August. Winters are simply a time to count the weeks until the next summer."
– Jenny Han

"August was nearly over – the month of apples and falling stars, the last care-free month for the school children. The days were not hot, but sunny and limpidly clear – the first sign of advancing autumn."
– Viktor Nakrasov

Receipe of the month:

GrilledPeaches

Ingredients:

- 4 medium peaches
- Extra-virgin olive oil, for brushing
- Vanilla ice cream, for serving

Instructions:

1. Preheat a grill or grill pan to medium heat.
2. Halve the peaches and remove the pits. Brush the cut side of each peach half with the olive oil. Arrange the peaches on the grill, cut side down, and grill until warm and

carmelized, about 3-4 minutes.

3. Transfer the peaches to serving plates, top each with a scoop of ice cream and drizzle with caramel sauce (optional). Serve immediately.

Notes:

If you like the peaches soft but a bit firm don't flip them. If you prefer them extra-soft, go ahead and flip the peaches, grilling for another 2-3 minutes on the other side.

Stovetop Method:

Use a grill pan on your stovetop. Heat the pan over medium-high heat, then follow the same steps for grilling peaches as you would an outdoor grill.

Oven Method:

Preheat your oven to 375 degrees F. Place the peach halves, cut side up, in a greased baking pan. Put a small piece of butter in the middle of each peach and bake for about 10-25 minutes, until they are tender and slightly caramelized. Pro tip: Sprinkle a little brown sugar and cinnamon on top of the butter before baking- it's so dang good!
